

Mrs. Patterson Leads
In 'Good-Will' Contest

Mrs. LaFoy Patterson has taken an early lead in the Herald's big "GOOD-WILL" contest, and several other contestants are making strong challenges, as indicated in the standings listed below.

Miss Sharon Leverett of Old Glory was the winner of the first week's merchandise award—50 gallons of Phillips 66 gasoline from MACK'S 66 station. Miss Leverett won this first week's prize for turning in the largest number of NEW SUBSCRIPTIONS.

Although the first week of the contest has passed, there's still time for new contestants to enter and vie for the nearly \$2,000 in prizes being offered, according to Contest Manager, Mrs. Mittie McBeath.

News and Views . . .
**and what
have you**
by BOB CRAIG

To an outsider it would look like a boom had hit Hamlin with all of the remodeling and painting going on. The people who have the desire to help in Hamlin's growth as a shopping center are to be praised for their looking to the future. Let us hope that this sense of pride in appearance and the desire to clean up and fix up becomes even more contagious.

Joe Hudspeth's is about ready to move into their new building on S.E. Ave. A and Carl Murrell Chevrolet is building a new used car lot next to the Hudspeth store.

Over in the 300 block of S. Central, Frank's Department Store is undergoing a face lifting and White Auto Store is about ready to move in next door in their completely remodeled building. Both of these stores will have new, modern fronts.

In the same block, several of the stores are getting a new coat of paint to go with the new sidewalk that was laid recently. Among those doing exterior painting are McMahon Jewelry, Cassle and Son, R. Y. Barrow and across the street, Service Barber Shop.

Just recently the F and M National Bank repainted their building and installed a new sign. The Bank and Turner-Nail Insurance Agency have topped the parking lot across from the post office and are fixing it up.

Not long ago, John F. Green Motor Company worked over the front of their building. When put together it makes a good impression on the people in the area whom the businesses must depend on for the future growth of Hamlin.

It seems that there are too many Newberrys and Moores on the Pied Piper football team this year.

The daily papers have a hard time keeping up with the fact that there is a Van and a Dan Newberry. Van is rated one of the top area scorers by the Reporter - News, but unfortunately part of Van's scores have been made by Dan.

Nicky Moore recovered two fumbles in the Spur game and the Herald's account of the game credited these to Barry Moore.

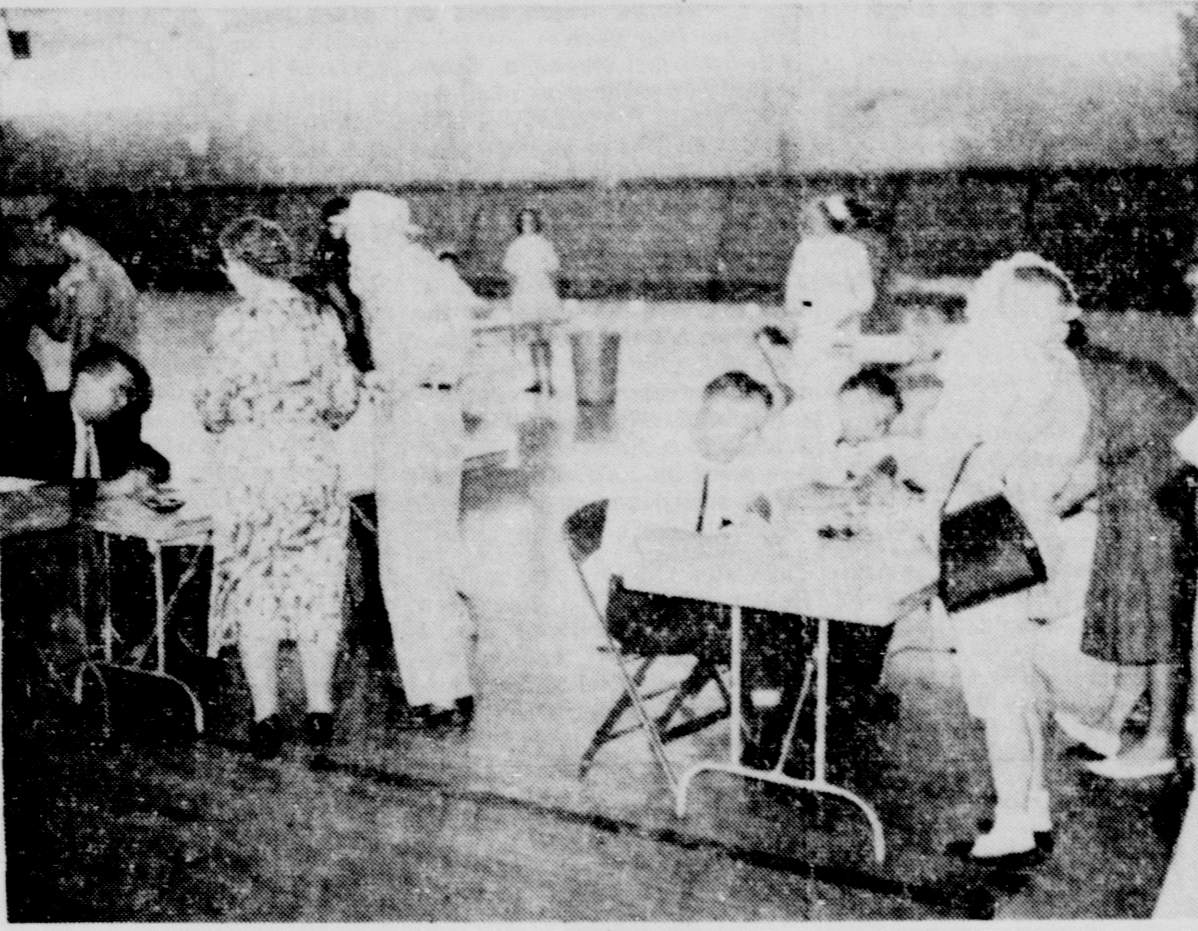

The analyses of the 14 Constitutional Amendments to be voted on by the people of Texas November 6 that was started in this column this past week are being continued on pages two and three of the second section.

CONTESTANTS STANDINGS

The FIRST Tabulation of votes and positions in The HERALD'S "GOOD WILL" Subscription Campaign is published below. The VOTES are a PRO-RATING, ONLY A FRACTION OF THE ACTUAL NUMBER OF VOTES BEING GIVEN.

Patterson, Mrs. LaFoy	350.400
Thompson, Mrs. Wanda	326.300
Leverett, Miss Sharon	325.600
Joiner, Mrs. Elmer	305.000
Carter, Mrs. Curtis	206.000
Wallace, Mrs. Floyd	174.200
Harris, Mrs. Pauline	160.100

SHARON LEVERETT WINS SANTA
FE 4-H SCHOLARSHIP, TRIP

Sharon Leverett, Stonewall County 4-H'er from Old Glory, has been named one of the Santa Fe Awards Winners of Texas. Sharon is the 17 year-old daughter of Mr. and Mrs. V. R. Leverett of Old Glory. She has been in 4-H for five years and has carried on nearly every project in 4-H. They are Leadership, Swine, Beef, Recreation, Citizenship, Public Speaking, Foods, Clothing, Beautification and Home Improvement.

Her awards will be an all expense paid trip to National 4-H Congress in Chicago, Illinois the last of November, and also a \$400 scholarship for college work.

Sharon is the first winner of the Santa Fe sponsored trip and scholarship in Stonewall County 4-H history.

County Agent, Truett Henning, who has no Home Demonstration Agent, says that Sharon has helped him in the county 4-H work as if she had been employed by the Extension Service.

Sharon has served as correspondent for the Hamlin Herald for the past two years and will enroll in college next year in hopes of becoming a Home Demonstration Agent.

Church of Christ
Revival Meeting
Opens Monday

The Hamlin Church of Christ will open a week's revival here Monday, Oct. 15. Services will be held at 10:00 a.m. and 7:30 p.m. daily.

Hulen Jackson of Dallas will be the speaker.

Thomas E. Cudd, minister, invites everyone to attend services which will continue through Oct. 21.

Anson Roller Rink
Opens for Winter

The Anson Roller Rink, one block north of Court House in Anson, will open for the winter season Saturday, October 6 at 10 a.m.

Gene and Maxine Rodgers said this week that the rink floor had been refinished and the interior had been re-decorated for the re-opening.

The owners extend a special invitation to all parents to come by and visit and they also welcome all old and new skaters.

The rink will be open Thursday, Friday, Saturday and Sunday each week. During football season they will be closed on Friday evening. A complete schedule is given in advertisement in this issue.

JONES COUNTY BAPTISTS TO HOLD
ANNUAL MEETING HERE MONDAY

The Fifty-fifth Annual Session of the Jones County Baptist Association will be held here Monday, Oct. 8, at the First Baptist Church.

The theme for the meeting will be "Advancing With The Master." Sessions are at 2:30 and 6:50 p.m. A supper is scheduled at 6:00 p.m.

S. L. Tate, music and education director of the First Baptist Church here, will be in charge of the song services.

Reports will be given by Mrs. Lenard Hartley, Herschel Kelley, Pascal Harris, Jeff McBeth, N. Rris Onstead, Tate, Mrs. N. Williams, Ira Clements and James Williams.

Huron A. Polnac Jr. will give the calendar of Activities.

Mrs. Ted Russell is in charge of the memorial service at 4:15.

Talks will be given by Rev. Jack Southerland and L. L. Trott.

Oswin Chrisman, L. L. Trott, and Lewis Markwood will have a part on the evening program. The annual sermon that evening will be given by Biddy Wrinkle.

The Rev. Lenard Hartley is pastor of the host church.

Hamlin P-TA
To Meet Today.
Turner to Speak

The Hamlin Parent-Teachers Association will meet at 4:00 p.m. today (Thursday) for a program featuring J. C. Turner, local attorney, as speaker. The theme is Good Citizenship, Strength Through Physical Fitness. The meeting will be held in the primary cafeteria.

The invocation - meditation will be given by the Rev. T. M. Harrell, pastor of North Central Avenue Baptist Church.

Members of the three fourth grade classes will present the entertainment.

During the business session with Mrs. Floyd Clifton presiding, the winners of the membership contest, which closed Friday, will be announced. Memberships will still be taken at the Thursday meeting.

The Fifth Grade Camp Fire Girls and their leaders will keep the small children in one of the classrooms while their mothers attend the meeting.

Andy Bundas'
Father Dies in
Endicott, N. Y.

Mr. and Mrs. Andy Bundas and son have just returned from Endicott, N. Y., where they were called after his father's death. Nick Bundas Sr., 70, passed away on Saturday, Sept. 22 at 8 a.m. EST.

The funeral services were held Tuesday, Sept. 25, in Endicott in the St. Peter and Paul Greek Catholic Church.

Survivors include his wife, Mary, five daughters, four sons and 10 grandchildren.

Mrs. Bundas will come here from New York in the next two weeks and will spend the winter with her son and family.

HHS Carnival
To Follow Chili
Supper Friday

The Annual High School Carnival will be held in the old gymnasium Friday evening from 6:30 to 10:00 p.m. following the chili supper sponsored by the Senior Class. The supper will be held from 5:30 to 7:30 p.m. in the cafeteria.

Each class will have booths set up for the carnival. The public is invited.

Polio Vaccine Make-Up
Set Today at Primary

More than 3600 persons received the Sabin Oral vaccine here Sunday in a drive held in the Hamlin High School Gymnasium from noon to 7 p.m.

People from more than 24 towns were registered as they received their Type I vaccine.

Thursday has been designated as make-up day and the vaccine will be offered at the primary school building from 9 to 12 p.m. in the office of the school nurse, Mrs. Erma Wallace. Mrs. Wallace will be assisted by Mrs. Rudy Hamric and Robert Fowler. Children who were not able to take their vaccine Sunday are urged to be at the school Thursday. All students in the primary, elementary and junior high buildings will have a chance to get their vaccine at this time.

The workers will then go to the high school building and from there they will go to the DePriest School for those who might have missed their dose Sunday.

Of the 3600 registering, there were about 447 children who were under 5 years of age. Donations totaled \$827.24.

Towns represented were Benito and Hamlin.

Memphis, Tenn., Austin, Syl-vestre, Abilene, Stamford, McCaulley, Lubbock, Sweetwater, Rotan, Hermleigh, Spur, Anson, Boerne, Mt. Calm, Baird, Edinburg, Tye, Roby, Jayton, Aspermont, Merkel, Bryan, San

Boy Scout Fund Drive date has been set in Hamlin as part of the Northern District of the Chisholm Trail Council Drive. Hamlin campaign will get underway on Oct. 9, at Bunnies' Restaurant.

The teams of workers will contact about 12% of the population in the community and ask for donations to the Chisholm Trail Council, Boy Scouts of America.

This money will be used by the Council to carry a bigger and better Scouting program to all boys in a 9 1/2 county area. The Council has 6 professional workers. They provide badges earned by the Scouts and an office and staff that is a service station for the 1,600 volunteer Scout workers. The council provides Camp Tonkawa and a camp at Sweetwater Lake. An active camping program is carried on by the Council at Camp Tonkawa for Scouts of all ages.

A full program of activities for the Scouts is conducted by the Council which includes Camporees, Expositions, Ad-

Fire Chief Lists
Major Causes of
Fires for 'Week'

In preparation for Fire Prevention Week, Oct. 7-13, C. L. White, Chief of the Hamlin Volunteer Fire Department, has mentioned this week the major causes of fires.

He said, "Matches and smoking continue to be the leading causes of fires according to the National Board of Fire Underwriters report."

He said that nearly one-fourth of all fires are caused by matches and smoking. This was brought out in a Board study.

Misuse of electrical equipment is the second cause of fires and account for more than 20 per cent of the total.

The National Board also notes that three-fourths of all fires are the result of carelessness.

He asks all residents to help prevent fires by using the utmost care.

SHARON LEVERETT WINS 50 GALLONS GASOLINE — Sharon Leverett, left, a junior at Old Glory High School, received the first weekly prize for turning in the most new subscriptions for the Hamlin Herald during the 'Good-Will' subscription campaign. Pictured at right is Mack Sanders, owner-operator of Mack's 66 Service Station as he fills her car with gasoline. Sanders moved here recently and is operating the station at 500 South Central on a 24 hour basis and features a full line of Phillips 66 products as well as tires, batteries and other accessories. Sanders is the first of several merchants to give weekly prizes to contestants entered in the contest. Miss Leverett, this week's winner, is the daughter of Mr. and Mrs. V. R. Leverett of Old Glory.

MERCURY EXPANDS METEOR LINE INTO A FULL RANGE OF MODELS

A highly successful first year for the Mercury Meteor has led Lincoln-Mercury Division to expand the car to a full line for 1963. Five new models—two hardtops and three station wagons—have been added.

While we offered the Meteor initially in only two body styles, a two-door sedan and a four-door sedan, its sales success proved there is a solid place in the market for a quality car of the Meteor size," said Ben D. Mills, Ford Motor Company vice president and Division general manager.

The 1963 Meteors will feature refined styling with more luxurious interior appointments, reduced maintenance, new or improved options and accessories, and better engine-transmission characteristics.

The new hardtops—in the Meteor Custom and S-33 bucket seat series—are two-door

models with a fleet-appearing low silhouette and a long rear deck. Both hardtops provide even more trunk space than the Meteor sedans.

The three new station wagons are four-door models. They are in the Meteor and Meteor Custom series, plus a top-of-the-line Meteor Custom Cruiser which features simulated mahogany side paneling.

The wagons are six-passenger models, with an optional rear-facing third seat providing comfortable space for a total of eight passengers. The counter-balanced second seat can be folded down in one simple operation after releasing a safety latch. Cargo volume is 86.2 cubic feet, with more than eight feet of interior floor length.

The tailgate is counter-balanced and features a roll-down type window.

THE HAMLIN HERALD

OCTOBER 4, 1962

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—Jack Cox and John Connally crossed paths on the campaign trail in Austin . . . and they waved at each other.

Connally was talking to the County Treasurers Association convention. He stepped out on the hotel balcony to watch Cox riding in a parade put on by Youth for Cox.

Inside the hotel, Connally was urging the county treasurers to pitch in and help support the Democratic ticket, else there might be Republican candidates for county treasurer next time.

Outside, Cox was urging the youngsters to pitch in and help him change Texas to a two-party state.

OFFICE SPACE—Some of the legislators who get elected on November 6 will have office space at the Capitol. But some won't.

For two years now, space formerly occupied by State agencies has been in the process of conversion to offices for the 150 members of the House of Representatives. A few were occupied during the 1961 session.

Rep. Will Smith of Beaumont, chairman of the House Rules Committee, had the chore of assigning offices, with not enough to go around.

Finally he hit upon a solution. He has 90 offices ready. So he and the Speaker-to-be, Byron Tunnell of Tyler, agreed to assign the 90 offices to the representatives who will be returning.

There are 92 incumbents, including two Republicans, in the Nov. 6 election. One is Speaker-to-be Tunnell, who not only will have an office, but also an apartment.

If all incumbents but one are elected, there will be just enough offices for each old member to have one.

The 60 or so freshmen members will have to do what all representatives have done in the past—use their desks in the House chamber as their offices.

When the John H. Regan State Office Building is completed next year, the Board of

Pardons and Paroles and the Department of Agriculture will be moved out of the Capitol, leaving space for the other 60 representatives to have private offices.

COURT PHOTOS—Junior Bar Association directors urged the State Bar judicial section to leave it to individual trial judges whether to allow news photographers to take pictures in their courtrooms.

This is contrary to the views of the American Bar Association, which thinks courtroom photography should be outlawed.

The upcoming Annual Conference of Texas Judges will vote on whether to adopt the

American Bar's proposed ban on full news coverage of trials. have business with a state agency in December, better not plan your trip around Christmas.

Board of Control announced the official Christmas period will be December 24 through December 26. Since December 22 and 23 are Saturday and Sunday, this means state offices will be closed five days for Christmas, which falls on Tuesday this year.

Legislature allows a three-working-day Christmas holiday.

SCHOOL PRAYERS—Public schools in Texas are not prohibited from allowing prayers to be said or passages from the Bible to be read (as a result of the U. S. Supreme Court decision in the Engel vs. Vitale case), so long as the State or a political subdivision does not prescribe or approve the prayer or religious activity.

So said Attorney General Will Wilson in a legal opinion requested by J. W. Edgar, Texas Commissioner of Education.

INDUSTRIAL SAFETY—

Tidewater Oil Company's J. K. Holder of Houston has been given a Civil Defense award for outstanding accomplishment in industrial safety preparedness. Governor Price Daniel made the presentation.

DODGE INTRODUCES A NEW LINE OF STANDARD-SIZE CARS

Dodge introduced a longer, roomier, standard-size entry in the low-price car market today.

The new Dodge is built on a 119-inch wheelbase and is six inches longer than last year's models. The Dodge line offers a choice of 24 different models in three series.

Both the popular-price Dodge and its compact companion, the 1963 Dart, will be shown to the public at dealers' showrooms on October 2.

Wide Selection

Dodge General Manager Byron J. Nichols said the new Dodge, the compact Dart and the luxury-line Dodge 880—to be introduced in December—will give motorists the widest selection of cars in the company's 49-year history.

"We have increased the size of the Dodge, given it greater performance capabilities, lengthened its potential life and reduced its servicing requirements," Nichols said. "We have done this, especially, to permit its owners to take full advantage of our nation's fast-grow-

ing network of fine highways and freeways.

"Owners of 1963 Dodges will be able to travel longer distances more rapidly, with maximum safety and in greater comfort.

underwood

now offers the most complete line of office machines ever available from a single source

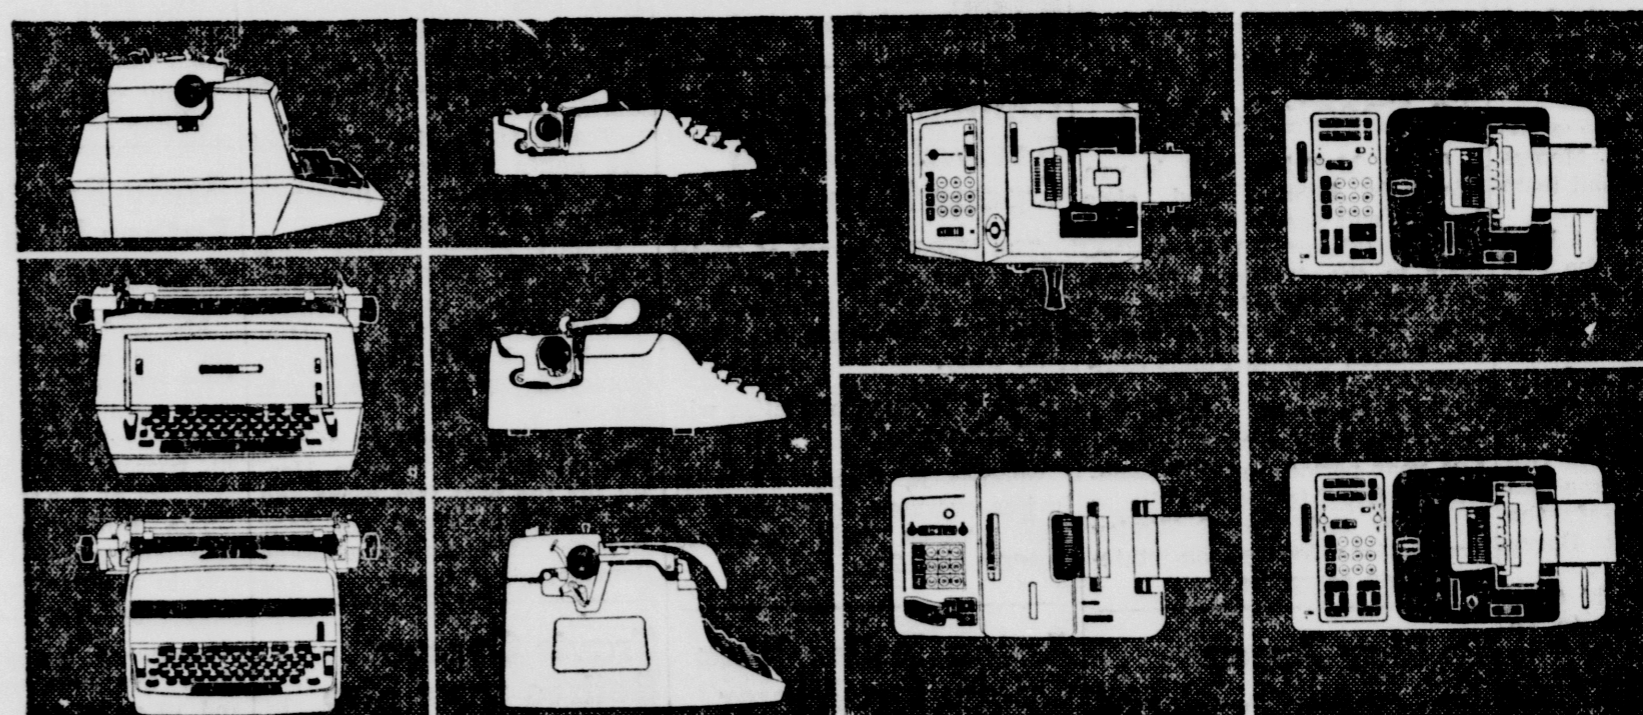

Underwood's wide range of portable, standard and electric typewriters, adding machines, calculators, accounting machines and tape-to-card converters is assurance that the Underwood Representative is uniquely able to match the machine to the job, free from pressure to sell a machine that's too much for the job or too little.

For example, he has three dramatically new Underwood electric typewriters—to cover every typing requirement from the board chairman's most important correspondence to the shipping department's labels. But when typing demands don't justify an electric machine, he is able to provide a new Underwood standard typewriter that produces high-quality typing at exceptionally low cost.

So varied and versatile is the new Underwood line that no matter what your business or your office requirements, it's almost certain that one of Underwood's office machines shown below can save substantial sums of time and money for you.

Soon your Underwood Representative will call on your company. If office costs are your concern—he's your man.

If you'd like to see him immediately, telephone—or write to Underwood Corporation, One Park Avenue, New York 16, New York.

underwood RAPHAEL: An electric typewriter with automatic variable spacing, polyethylene carbon ribbon and many advanced features.

underwood FORUM: An electric typewriter with standard letter-spacing and both polyethylene carbon and fabric ribbons.

underwood SCRIPTOR: A fully-electric typewriter with fabric ribbon for general-purpose typing.

underwood-olivetti LETTERA 22: A super-lightweight portable with important big-typewriter features.

underwood-olivetti STUDIO 44: A compact standard with all important office typewriter features, yet easily portable. Full-size keyboard.

underwood TOUCH-MASTER FIVE: A standard typewriter of exceptional lightness of touch and unusual operating ease.

underwood-olivetti PRIMA 20: A high capacity 10-key hand adding machine with direct subtraction, calculator with exclusive "memory" feature that eliminates manual re-entry of intermediate results in combined operations.

underwood-olivetti ELECTRO-SUMMA 22: A high-speed, high-capacity 10-key adding machine with automatic credit balance, it performs all the operations of direct subtraction and automatic dater. Also does multiplication, complex combined operations.

underwood-olivetti DIVISUMMA 24: A high-speed, high-capacity calculator with exclusive "memory" feature that eliminates manual re-entry of intermediate results in combined operations.

underwood-olivetti TETRACTYS: A dual-register version of the Divisumma 24 with a "memory," it performs all the operations of direct subtraction and automatic dater. Also does multiplication, complex combined operations.

STRIKING SWIFTLY, THE PIPERS DOWN CISCO, 40-6 PIPER PATER

Striking swiftly, the Pied Pipers scored twice in the first six minutes of their defeat of Cisco Friday night. The Pipers had 13 points on the scoreboard before letting the Lobos have possession of the ball. They scored in all four quarters to crush the Lobos, 40-6, in their fourth consecutive win of the season.

The Pipers took the opening kickoff and drove 68 yards to paydirt with Van Newberry, on the quarterback sneak, diving in for the score. Ronnie Sipe placed the ball between the uprights for the extra point. Cisco fumbled a short kick and the Pipers were on the move again. This time they drove 37 yards for the tally with Dan Newberry crashing over his right guard for seven yards and the score. Sipe's kick was no good.

The Pipers ran four more plays before having to give the ball to the Lobos for their first scrimmage play as they recovered another kickoff. This third drive was stalled on the Lobo 46 as Van tried three passes that fell incomplete and then punted 40 yards.

On the Lobos' third play Butler intercepted David Callarman's pass and returned it to the Lobo 46.

From this point the Pipers crossed the Lobo goal line three times only to have the score nullified by a Piper miscue. They finally lost the ball on downs on the 17.

Five plays later Danny Phipps broke through the Piper line and outraced the secondary 66 yards for Cisco's only score. The two point try failed and the Pipers led, 13-6.

Robert Pierce scored the Piper's third tally on a 16 yard scamper over left guard with 4:24 left in the first half. Sipe's kick was good and the score at the half was 20-6.

After taking the second half kick, the Lobos tried a fourth down gamble on their own 35 with two yards to go and failed. The Pipers took over on the 36 and scored six plays later on Dan's plunge over right tackle for three yards. Sipe's kick was no good and the scoreboard read 26-6.

Following the kickoff the Lobos put four first downs together to move the ball from their own 22 to the Piper 19 before giving up the ball on downs. Taking over on their own 19, the Hamlin eleven went the distance in 11 plays with Van going around his right end for the score. Butler crossed the double strip from the one yard line but a 15 yard penalty voided the tally and put the Pipers back on the 16. Sipe kicked the point after following Van's score and the Pipers led, 33-6.

The Piper's final score came on a 51 yard drive in 11 plays with Robert Compton scoring around his left end from his four. Pearce made the score 40-6 as he kicked the ball through the uprights for the point after.

Cisco completed their only pass, good for 33 yards, as the game ended.

Dan was the game's top ground gainer with 128 yards in 15 attempts. He was followed closely by Phipps for Cisco with 121 yards in 17 carries. Other Piper backs and their yardage were: Van, 10 for 54 yards; Pearce, 10 for 65 yards; Butler, 10 for 59 yards; Cleon Warner, 1 for 5 yards; Compton, 2 for 18 yards; Mike Shivers, 3

Four members of the Hamlin Chapter of Future Farmers of America attended the Stamford District FFA meeting on Wednesday, September 19, in Jayton. Chapter secretary, Stanley Smith, and Chapter treasurer, George Stovall, served as voting delegates at the meeting. Chapter president, Ronnie Teichelman, and Chapter reporter, Jerry Cooper, also attended the meeting.

A district program of work for the coming year was planned and discussed. Coming district activities include the district leadership contests which will be held in Hamlin, November 13 and a district recreation meeting in December.

The Hamlin Chapter was awarded a plaque for being a superior chapter in the National Chapter rating contest for the 1961-62 school year at the meeting.

-hhs-

Newly initiated members of the FFA were honored with a picnic Tuesday afternoon at Frog Park. Older members chose a Freshman girl to be their "little sisters." Cookies and soft drinks were furnished by the FFA chapter.

There was a short business meeting and plans were discussed concerning a rummage sale to be sponsored by the FFA Saturday.

-hhs-

Kay Johnson, daughter of Mr. and Mrs. Lewis Johnson, was elected Sweetheart of the Hamlin Chapter of the Future Farmers of America Monday night. Kay is a senior student; member of the Spanish Club, junior year; Pep Squad

for four years; Piper Queen nominee, junior year; FFA, four years; and Homecoming Queen nominee.

Also at the FFA meeting Greenhands were initiated.

-hhs-

The Hamlin High School band was one of seventeen bands chosen to give a concert at the Music Festival at the State Fair of Texas, Dallas. The band will give a twenty minute concert and the band majorettes will be featured in a jazz ensemble during the concert on October 9.

-hhs-

The Library Club of Hamlin High School met Monday at noon to launch their membership drive for the coming year. The membership drive will continue for two weeks and at this time pins will be ordered for the new members.

Tuesday morning a workshop began for the library assistants. Mrs. Dewey Nunley is conducting the workshop. The purpose is to teach the assistants their duty while working in the library.

\$81.5 billion was paid out in social security benefit claims from 1937 through May 1962.

MR. AND MRS. R. J. COX
... married 50 years ago

MR. AND MRS. R. J. COX TO CELEBRATE ANNIVERSARY

Mr. and Mrs. R. J. Cox, of Route 1, will celebrate their Golden Anniversary Sunday, Oct. 7, with a reception in the home of their daughter, Mrs. J. F. Law, Route 1. Friends and relatives are invited to call from 2 to 5 p.m.

Mr. and Mrs. Cox have lived here since 1934 coming here from Lamesa where they had lived for 10 years. He is a retired farmer. They are active members of the Galvary Baptist Church where he is a deacon.

Mrs. Cox is the former Eliza-

beth Ready. She was born on Dec. 10, 1892, at Joplin, Missouri. He was born June 27, 1890, at DeQueen, Ark.

They were married Oct. 6, 1912, at Itasca in Hill County. The couple has three daughters, Mrs. Law, Mrs. James Townsend of Denver City and Mrs. Alton Carnes of Sweetwater. They have six grandchildren and one great-grandchild.

Mrs. Law, Mrs. Townsend and Mrs. Carnes will be hostesses for the Fiftieth Wedding observance.

Mrs. Johnson Hosts Opening Club Meeting

The opening meeting of Xi Gamma Pi Chapter of Beta Sigma Phi was held in the home of Mrs. W. T. Johnson, Thursday at 4 p.m.

Mrs. C. Weldon Griggs, president, presided for the business meeting.

The program committee, consisting of Mmes. W. Arlie Casle, Johnson, and George Poe, gave each member the 1962-63 year book. The work to be covered this year will be "Tools For the Art of Living."—In Word and Deed and Thought.

Members attending were Mmes. Wesley Nail, Griggs, Gerald Young, Elmer J. Hawkins, Cliff Reynolds Jr., Leroy Smith, Casle, Poe, John C. Bryant, Johnson, and E. D. Perrin.

Mrs. Cleveland Honored with Gift Tea Sept. 15

Mrs. Charles Cleveland, the former Darlene Josey, was honored with a gift tea in the home of Mrs. J. J. Crawford Sept. 15.

The table was covered with a white cutwork cloth over blue and was centered with an arrangement of white chrysanthemums.

Other hostesses for the event were Mmes. Paul Cooper, Milton Smith, C. L. Howard, Delbert Rountree, Burnia Reid, Leon Moore, Everett Gibson, Lee Hastings, J. O. Murphree, Lonnie Kidd, Buford Bigham, C. W. Carlan, Elbert Payne, Ewell Mackey, B. W. Neidecken, and Mrs. Ben Parker and Mrs. Gene Westmoreland, both of Abilene.

Mr. and Mrs. Cleveland were married here Sept. 8 in the First Baptist Church and are living at 477 E. Snyder Ave. in Rotan. He is employed there with the U. S. Agricultural Soil Conservation Service.

Yearbook Group To Host Opening Club Meeting

The yearbook committee of the Hamlin Woman's Literary Club will be the hostesses for the opening luncheon Friday at 12:30 p.m. at Hickman's Restaurant in Aspermont.

Mrs. Richard Young Jr., program director, will present Mrs. C. T. Murrell who will give the president's message.

The response will be given by Mrs. W. L. Hunter Jr. Mrs. Lenard Hartley will give the invocation.

The pledge to the U.S. Flag and the Texas Flag will be led by Mrs. L. H. McBride. Mrs. W. A. Casle will give the history of the U. S. Flag.

New members will be introduced by Mrs. Donley Williams.

The yearbook presentation will be made by Mrs. Young. The hostesses include Mmes. A. A. Hackley, Young and McBride.

Mrs. Dewey Nunley Gives Program For Beta Thetas

Mrs. Dewey Nunley presented the program on "How Music Influences Our Lives" when members of Beta Theta chapter of Beta Sigma Phi met on Wednesday, September 19, in the home of Mrs. Howard McHaffey. Each member answered the roll call by giving her favorite piece of music.

Mrs. James Harrison presided.

After a brief business session, the members gave a surprise pink and blue shower for Mrs. Jack Williams.

Mrs. McHaffey served refreshments to the following: Mmes. Dwayne Stalleup, Guy Weaver, D. C. Andrews, Nunley, Bob McKissack, W. T. Johnson, Wilson Brannon, Rudy Hamric, Harrison, L. C. Bonds, Tim Jones, Floyd Clifton, Max Murrell, Leldon Clifton, Williams, and Fred B. Moore Jr.

Personal to Disgusted Member: Your letter was quite humorous but I wouldn't advise what you suggest.

Revise your rules and regulations to admit MEMBERS ONLY to your club meetings and tell this undesirable since she is not a member, she cannot attend.

79% of the persons receiving monthly disability checks under social security in Dec. 1961 were above the \$70 per month figure.

MRS. HEFLIN MILLER
... to give review Tuesday

Friendship H-D Meets at Oil Mill

The Friendship Home Demonstration Club met Friday, Sept. 28, in the Oil Mill Guest House for a program on "Dried Arrangements" by Mrs. Fred Carpenter.

Mrs. Elmer Brewer was hostess.

Ten members and one guest, Mrs. Nettie Prather of Leonard, Texas, were present.

The next meeting will be held Oct. 12.

Tammy Sue Moore, new daughter of Mr. and Mrs. Charlie Moore of Aspermont was born Sept. 22 at Hamlin Memorial Hospital. She weighed 5 lbs. and 10 oz. She has two sisters, Rhonda and Angelia. The grandparents are Mr. and Mrs. M. D. Brown of Sylvester and Mr. and Mrs. N. N. Moore of Aspermont.

B&PW CLUB TO SPONSOR BOOK REVIEW DURING SPECIAL WEEK

In observance of National Business and Professional Women's Week, Oct. 7-13, the Hamlin B&PW Club will sponsor a book review here by Mrs. Hefflin Miller of Belton. The public is invited to attend the review which will be given in the sanctuary of the First Baptist Church, Tuesday evening, October 9, at 7:30.

Mrs. Miller is the former Evelyn Ballew and will be remembered by Hamlin residents as she taught Speech in the Hamlin schools for a number of years. She was here recently for the Homecoming for former Teachers and Students.

She will review "The Super Americans" by John Bainbridge.

Mrs. Miller has been reviewing books professionally for 12 years. She is active in P-T-A and has served on District 9 Board of Managers for the past nine years. She is also in Federated Club work and is immediate past president of the Wednesday Review Club in Kil-

\$1,120,775,900 was paid out in social security checks for May 1962.

leen. For the past eight years she has taught a women's Bible class in the First Methodist Church in Killeen.

Mrs. Miller is also a supply teacher in both Belton and Killeen schools.

She is active in the Waco Heritage Society and is honorary president and consultant of the Ft. Hood Book-Lovers Club.

Mrs. W. B. Britton, president, said this week that other clubs had been invited to the review and a cordial welcome is ex-

pected to everyone to attend special event.

'Best for Less'

Ask Amy
BY AMY ADAMS

HIS 'MODELS' LEAVE HER SHIPWRECKED

Dear Amy:
My husband's hobby leaves me bored stiff. He loves to build ship models. After dinner, he disappears down the basement to work on his models. I don't see or hear him for the rest of the evening. How can I get my husband back into the living room to keep me company?

Lonesome

Dear Lonesome:
Why try! At least you know where he is. Many wives would like to know where their husbands disappear to after dinner. There are worse diversions and different kinds of "models." Take a tip and button your lip.

Dear Amy:
I was a divorcee with a 14 year old boy and a year ago I married a man who had six young children. I love my husband dearly and he loves HIS children but he doesn't treat my boy right and I just can't stand it any longer. I told him if he doesn't treat the boy any better, I am going to leave him and he told me to go on, that the door is open.

Now, Amy, what would you do? My nerves are so bad that I can't take it much longer!

Heart Broken Mother

Dear Heart Broken:
He ought to kiss the ground you walk on for marrying him and mothering his brood. Since he doesn't, take his advice and your son and walk out that open door. You can live without him, let's see if he can live without you!

Dear Amy:
We have a lovely home near my parents and friends and we are very contented here. My husband's company wants to transfer him to a different city with a promotion and a substantial increase in salary. Every time I think of moving I could cry. I like it here and it is close to my mother. Do you think he should refuse this transfer so that we may remain where we are?

Uncertain

Dear Uncertain:
Certainly not! You married him for better or for worse. This is for better. Let go of mother's apron strings and grow up!

Dear Amy:
I am a retired widower who would like to get married again. My business was real estate and over the years I have accumulated a sizable bank account. I admit I am not young and far from handsome. Also, I have been accused of being very stingy. I don't talk much either because I had all my teeth pulled. The women I have met are not interested in anything else, it seems, but my money. Do you know of any woman that might want my company without wanting to count my money?

John

Dear John:
I don't run a matrimonial agency and I can't think of any reason a woman would want you without your money. Let's face it, according to your description, you're no bargain!

Dear Amy:
In addressing a personal letter or a social note to a divorced woman, should her husband's name be used or is her own first name preferable? For example: If her husband's name was George Brown and her name is Ellen, should she be addressed as Mrs. George Brown or Mrs. Ellen Brown. Also, how do you address a widow?

Concerned

Dear Concerned:
The proper way to address a letter or note to a divorced woman is by using her maiden name (Jones) along with her former husband's surname (Brown), her title then becoming 'Mrs. Jones Brown'.

A widow is always addressed by her late husband's full name, 'Mrs. John Smith'.

Personal to Disgusted Member: Your letter was quite humorous but I wouldn't advise what you suggest.

Revise your rules and regulations to admit MEMBERS ONLY to your club meetings and tell this undesirable since she is not a member, she cannot attend.

By MRS. ELMER JOINER

Monday morning was the first day of October, a nice balmy day, which reminds us that fall is here and Christmas is just around the corner, then it all starts over again with another new year. All of the farmers are busy plowing the weedy fields, getting ready to sow wheat pretty soon. After the recent big rains the weeds are really growing, when frost comes this year there will be an abundance of green things to kill, as all the earth is a green carpet.

Church services were fairly well attended Sunday and Sunday night but no visitors were present but it was good to see Mrs. Newland and Mrs. Riddle and Tommy there Sunday morning, as it had been

Study Club To Hold First Meeting Friday

The Fifty-two Study Club will have their first meeting of the fall Friday with a luncheon at 1 p.m. at the Oil Mill Guest House. The yearbook committee will be the hostesses. Members of the committee are Mmes. Noel Weaver, J. E. McCoy and Elbert Payne. They will present the new yearbooks at the meeting. Mrs. McCoy is program director. Mrs. Dale Lain will give the president's message.

quite some time since they could attend Sunday School. We are such a few in number that it is like a member of the family missing when any one isn't present.

Last Wednesday night it had been announced that the regular Family Night would be held in conjunction with the mid-week prayer and song service, when all would go home with the Winslow Grays for the refreshments. In reality, it was a surprise house warming for the Grays' everyone bringing a little gift for their new home in Hamlin.

Mr. and Mrs. Woodrow Goodwin attended the funeral in Anson, last Thursday, for Mr. D. C. White. He was the father of Woodrow's sister-in-law, Mrs. Weston Goodwin.

Visitors of Mr. and Mrs. E. A. Henry last Wednesday were Mr. Henry's brother, Mr. and Mrs. Warren Henry of Lubbock.

We were all wondering just where, and how, Mr. and Mrs. Henry would be taking off for next. So Wednesday it seems a daughter-in-law, Mrs. Jimmy Henry of Oklahoma City, called them and invited them to come to see them, so Thursday morning they took off, but this time on the ground. Mr. and Mrs. Henry are young in heart and enjoy living, even though they aren't as young as they used to be, not old, just not young any more and we all love them.

Mrs. Jack Gray made a quick trip to Denver, Colorado, this weekend to visit her son, Joe Sam and family. We understand that Joe Sam is training a horse for Ben Turner and since he was making the trip to see about his horse, Mrs. Gray went along with him to see her children.

Sunday dinner guests of Mr. and Mrs. Joe Ford were their sons, Bill and David, and David's little daughter, Shelly, all of Abilene.

Mrs. Flavil Holmes was pleasantly surprised Sunday with a visit from her sister, Mr. and Mrs. R. O. Clements of Pampa.

Mr. and Mrs. Weston Goodwin of California, spent last Thursday night with his brother, Mr. and Mrs. Woodrow Goodwin and Linda.

Friday night the Woodrow Goodwins went to the Pleasant Hill community below Anson where several members of the Goodwin family met at the home of another brother, Mr. and Mrs. Floyd Goodwin, for a family visit.

Mr. and Mrs. Jack Wright attended the funeral of Mr. Bob Overman, last Tuesday. Jack served as one of the pall bearers. Mr. Overman and Jack were fellow workers at Murrell Chevrolet Co.

The pastor's family were dinner guests of Mr. and Mrs. Fred Rosenbaum Sunday.

It seems that this community participated almost 100% in the polio vaccine Sunday.

The latest report from Mrs. Catherine Richie is that she was able to go home from the hospital last week, after having one of her feet amputated. From all reports it seems that she is doing splendidly after the surgery, which is something to be thankful for considering the nature of her surgery.

Connie, Maude and Della Drake, went to Eastland to visit.

H. L. Ford has defoliated his cotton on the former Fletcher place, and it will soon be ready to harvest. It is old cotton and the dry weather damaged some of the old cotton to such an extent that all it has time to do is put on new leaves, so it is ready to gather.

Mr. and Mrs. Mel Jones visited with Mr. and Mrs. Medford Carter Saturday night.

Turner Barbara Miles Claude Gillum

Mr. and Mrs. Bob Rister of Roby are parents of a girl, Cynthia Elaine, born Sept. 22, weighing 6 lbs. 2 oz. She was born at Hamlin Memorial hospital. She has a sister, Judy Lodasha. Her grandmother is Mrs. Thelma Criswell of Hamlin.

NEINDA PHILOSOPHER SAYS IF THERE INTELLIGENT BEINGS OUT IN SPACE, LET EM LOOK US UP

Editor's note: The Neinda Philosopher on his Johnson grass farm on route one takes a n-n-progressive view toward space this week, his letter indicates.

Dear editor: A man asked me the other day if I was opposed to exploring outer space.

"Didn't know Congress was going to put it to a vote," I said.

"That's not what I mean," he said. "But from what I read in one of your letters a while back, I got the notion you think we could be spending our money some place else."

"We are spending our money some place else; in fact, every place else there is," I told him and added that I wasn't opposed to exploring space.

Here's the thing: We ought to explore space, but it has always struck me as funny to speculate on a scientist taking aim to fire a space ship a million miles out into the unknown and having to stop to scratch a chigger bite. What sort of scientific advance is it if a scheduled trip to the moon, after years of painstaking planning and with all lights flashing GO, has to be postponed because the astronaut has a bad cold?

This year we're spending five billion dollars in space, and seven million on trying to get fresh water from the ocean. That's what I'm talking about.

from us as we from them. This is like saying a man isn't really educated until he's visited Europe. Or making it worse, a European isn't educated till he has visited us. My contention is that a man can be ignorant either way, whether he goes or stays.

I hope my television set doesn't blow a tube right when we send a man to the moon. I'll be there watching, fly-swatter in hand.

Yours faithfully, J. A.

James Edward Tillman was born to Mr. and Mrs. Q. C. Tillman Sept. 28 at Hamlin Hospital. He weighed 8 lbs. 9 oz. His parents live at Peacock, they have two other children, Chris and Genise. The maternal grandfather is Willie Campbell of Spur. Paternal grandparents are Mr. and Mrs. Pink Tillman of Lubbock.

Tina Galyann Bryson was born September 26 at Hamlin Memorial Hospital weighing 8 lbs. 14 oz. The parents are Mr. and Mrs. Sam Bryson, 37 S.W. Avenue E. Maternal grandparents are Mrs. S. C. Fudge and R. C. Waldon of Hamlin and paternal grandmother is Mrs. Luke Bryson of Pecos.

PLYMOUTH, VALIANT FEATURING LOWER PRICES ON '63 MODELS

DETROIT— Factory Retail Prices of the 1963 Plymouth and Valiant cars, which went on sale in dealerships Wednesday, were announced by C. E. Briggs, Vice President, Chrysler Motors Corporation, and General Manager, Chrysler Plymouth Division.

The 1963 Valiant, completely restyled, is priced \$16 to \$19 lower than 1962 prices on the three V-100 models.

"Based on current prices, the Valiant V-100 is the lowest priced 2-door sedan in the industry with more than 100-inch wheelbase," Briggs said.

To reflect optional equipment which has been made

standard, prices on the Valiant V-200 series are \$8 to \$10 above last year. There is no price change on the bucket-seat Signet 200 model.

Mr. Briggs announced that prices on the new 1963 Plymouth are unchanged from last year.

Two new models are added to the Plymouth line in 1963: The four-door, nine-passenger

Savoy Six Cylinder Station Wagon, priced at \$2,476.00 and the four-door, nine-passenger Savoy Eight Cylinder Station Wagon, priced at \$2,576.00.

Prices of the Valiant V-200 and Signet 200 Convertibles, which go into production in November, will be announced when these new models are introduced.

STATE FAIR TO OPEN 16 DAY RUN SATURDAY IN DALLAS

Dallas—The 1962 State Fair of Texas, a spectacular "Exposition of Nations," will open Saturday, Oct. 6, and run 16 fun-filled days through Sunday, Oct. 21.

"Carnival," the award-winning Broadway musical hit, and the State Fair Horse Shows will both open Friday night of October 5.

Gov. Price Daniel will officially open the Fair in ceremonies Saturday morning following the opening day parade through downtown Dallas, which will be led by 1,000 cadets from the U.S. Air Force Academy in Colorado Springs. The cadets will attend the SMU-Air Force football game in the Cotton Bowl that afternoon.

Opening day is also Rural Youth Day, and some 100,000 4-H clubbers, Future Farmers and Future Homemakers from all over Texas will be on hand for the opening day.

Keyed to the international theme of the Fair, there will be a colorful "Parade of Nations" around the fairgrounds each evening.

Exhibits from around the world will be on display in the Texas International Trade Fair in the World Exhibits Building. Other exhibits include "Circusland," "The Man in Space," the 1962 Agriculture Show, a replica of the "Telstar" satellite, a unique "Space Kitchen," new 1963 model cars in the Automobile Show, the FHA Children's Barnyard, "The Arts of Man" displaying world art from ancient to modern times.

Promoted

Ray Lawlis of Kermit, food service director for Kermit schools, was promoted Sunday, September 23, during the U. S. Army Reserve battalion's annual rifle qualification exercises. He received the captain's bars from Lt. Col. Leo A. Conner of Andrews, commander of the 90th Transportation Battalion. Also present was Major William C. Wisenbaker, new Army advisor to the Odessa and Midland reservists.

The son of Mr. and Mrs. E. A. Lawlis of Hamlin, he was graduated from McCauley High School and Texas Tech of Lubbock.

FIRES CAN BE Prevented!

CONTROL ROOM W.T.U. OAK CREEK PLANT

DATA LOGGER

ELECTRONIC SCANNING SYSTEM

Every minute of every hour of every day the "data logger" at the WTU Oak Creek plant scans the condition of all electrical and mechanical equipment. From the tiniest malfunction to a major emergency is noted and timed on the recorder to the left. The recorder on the right types the daily log.

The electronic scanning system, or brain, at Oak Creek is a major factor in helping to locate trouble whenever the data logger indicates something is wrong. The scanner also serves as a good news panel to say "all is well." It's just part of WTU's equipment complex...HELPING YOU LIVE BETTER ELECTRICALLY.

SHARON LEVERETT

V. R. Leverett, Superintendent of Old Glory School attended an area administration meeting sponsored by the Texas Education Agency in Abilene on Thursday, September 20. He accompanied Mr. W. C. Robinson of Aspermont and Mr. South of Peacock.

Carolyn Sander, sophomore student, broke her little finger during basketball practice last week. Her finger has been in a very unusual looking contraption.

The first High School basketball game has been set for October 16 here at Old Glory against Peacock. The teams can hardly wait for that first whistle. Other teams to be played for practice are Avoca, Noodle, Girard, Guthrie, Merkel and Hamlin. The girls' team will enter the Dyess Tournament November 29-Dec. 1. Our first conference game is January 15 against Paint Creek will be played here at Old Glory.

Eva, Elizabeth and Gail Woolridge have withdrawn and are attending school at Haskell. Five new students have entered school. They are Jamie,

Maria, Robert, Amelia and Julia; all from Lubbock.

The Old Glory Girls' 4-H club met on last Thursday afternoon in the cafeteria. Billie Vahlenkamp opened the meeting, Rita Baldree and Judy Sander led the motto, pledge and prayer. Donna Pierce and Sharon Leverett presented a handicraft demonstration featuring pictures made from dried foods and from colored egg shells.

A very attractive chicken made from beans, rice and popcorn was displayed. A parrot made from the eggshells created much comment. Sandwiches and punch were served immediately after school. Following the meeting ice cream was served. Some songs were sang and also some games. Hostesses were: Judy White, Billie Vahlenkamp, Brenda Palmer, and Rita Baldree. Ten members were present and adult leaders, Mrs. C. T. Pierce and Mrs. Orin Baldree.

The Old Glory Junior Leader 4-H Club was formed on Sept. 25. Mr. Hennig met with the 4-Hers to form this club. The 1962-63 officers are: President, Charles Diers, Vice President, Sharon Leverett, Secretary-Treasurer, Donna Pierce, Recreation Leader, Billie Vahlenkamp with assistant, Stephanie Letz, Reporter, Stanley Diers.

Nancy and Marvin Vahlenkamp volunteered to host the next meeting, which will be held in the Old Glory Cafeteria in October. Nancy Vahlenkamp and Sharon Leverett will give a demonstration on "Parliamentary Procedure" and Danny Letz and Stanley Diers will give a demonstration on "Care of Electrical Appliances."

The parents of the Junior Leaders are invited to the meetings. Refreshments will be served and games will be played. The Junior Leader Club is to help the 4-Hers over 14 years of age to learn to be better leaders.

Miss Nancy Robinson was a weekend guest of her parents, Mr. and Mrs. Dobe Robinson. Nancy is attending Draughton's Mrs. Morris Garner and Mrs. Willie Fletcher returned to Old Glory Sunday after visiting at Richardson with their sister and her family, Mrs. Morris

THE HAMLIN HERALD

OCTOBER 4, 1962

DePRIEST STUDENT COUNCIL—Officers of the Student Council of the Oscar DePriest High School here are pictured above. Sandra Covington, president, is seated in the center front. Others are standing left to right, Alice Ervin, treasurer; Era Jo Delce, assistant secretary; Betty Johnson, reporter; James W. Owens, vice president, and Roberta Douglass, secretary.

DePriest Student Council Named

The student body of the DePriest High School organized the Student Council for 1962-63 last week.

The executive committee spent many working hours formulating the goals and plans for this year's work.

Through these planned activities they anticipate many learning experiences that may direct their thoughts and actions to show more patriotism to our country, render greater services to their school and

James, Mrs. Garner had surgery performed on her feet but is recovering nicely.

Mr. and Mrs. Bobby Boles and family of Cooper are visiting in the home of his parents, Mr. and Mrs. Boles of Old Glory.

Mrs. Becky Nash of Freeport, Ill., the former school nurse of Old Glory, was accompanied by Miss Conroy when they came through headed for the Texas Medical Center in Houston.

communities and assist in solving minor problems of the students.

The objective for the council this year are:

1. Promote more patriotism among students.
2. To attain and sustain higher scholastic standards.
3. Establish a more and cordial atmosphere among students, parents and teachers.
4. Encourage students to utilize their resources.

The officers have exemplified much enthusiasm in preparing the program of work for the year.

HEALTH DEPARTMENT URGES REGULAR CANCER CHECK-UP

Ever since the first spark of life appeared on this earth, cancer has been one of the most fearsome, most enigmatic diseases mankind has had to contend with. But we know more about it than is generally realized. We know enough, in fact, that a diagnosis of cancer need not be considered a sentence of death.

We know that all types of cancer are different since they affect different tissues of the body. We know cancer has no respect whatever for age, although it does occur more frequently after 40. Conversely, we know it ranks high as a cause of death among children.

Cancer is not inherited, although a tendency toward cancer sometimes occurs in families.

We know that cancer is not contagious or communicable from one person to another. We know that certain agents or conditions will cause certain types of cancer or are factors in causing cancer. For example, exposure to sunlight over long periods of time (farmers, seamen) is known to cause skin cancer. Certain chemicals such as aniline dyes may cause can-

cer in experimental animals. An injury or prolonged irritation of the mouth or lip area such as sometimes comes with habitual pipe smoking is also a factor in causing cancer. Prolonged exposure to x-ray or radium may also cause cancer of the skin or other parts of the body.

Perhaps the most important thing we know about cancer is that many cases can be cured by early removal by surgery or by irradiation with cobalt, x-ray, or radium or a combination of these techniques. Rapid strides are now being made in treatment of certain types of cancer with chemical compounds.

Since it can be cured, why do more than 10,000 people die in Texas with cancer each year?

Because by the time the disease is recognized it is too far advanced for effective treatment. Many of these persons can be saved by early diagnosis and treatment.

If this one cardinal fact could be drilled into the minds of people until it moved them to have periodic health check-ups, cancer deaths could be greatly reduced.

(A weekly feature of the

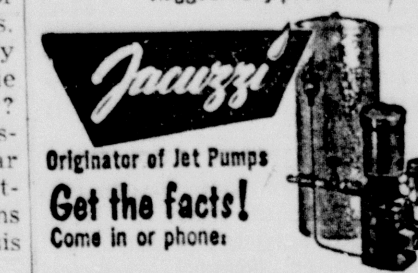

Public Health Education Division, Texas State Department of Health.)

2,392,160 children of retired, deceased, or disabled parents received \$99,868,400 as social security payments for May of 1962.

SAVE WHERE YOU EARN

Here's the best all-around compact anybody has come up with yet...
The New Valiant!

For '63, we present the first compact built to do everything well...the first compact to carry a 5-year warranty. It's The New Valiant...with 33 important value features.

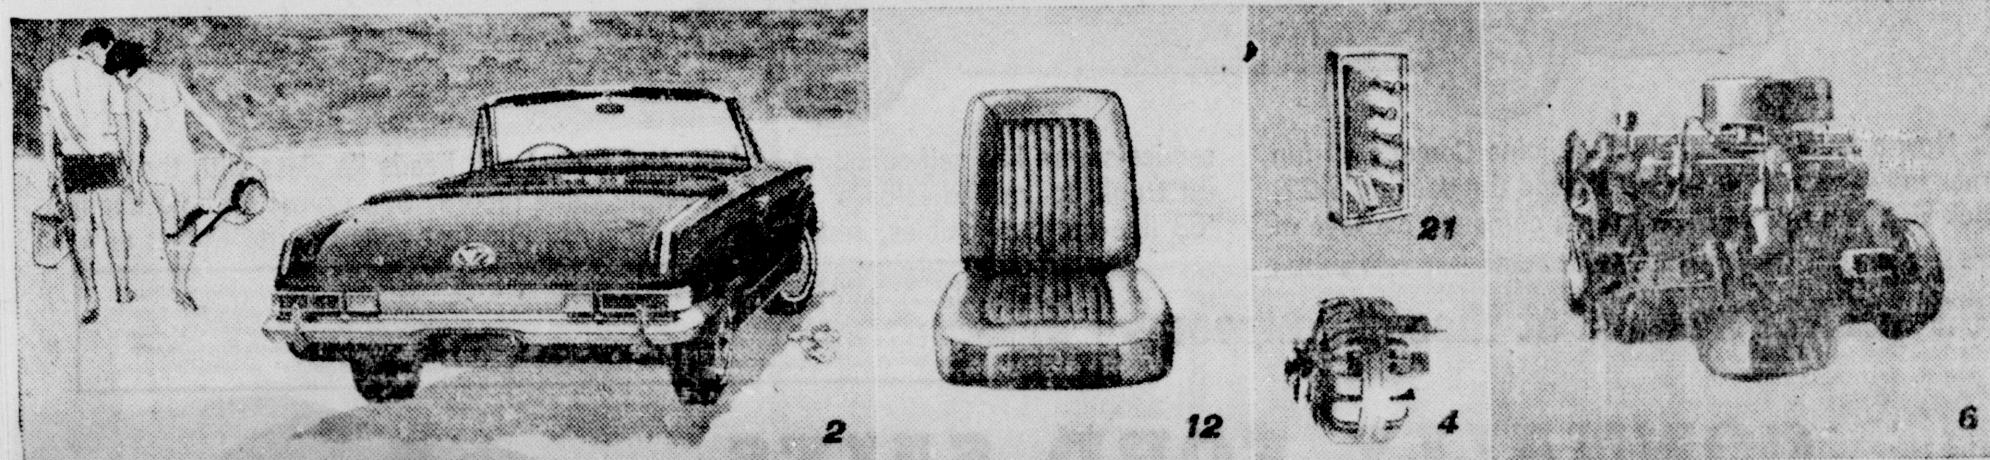

Some compacts are good at economy. Some feature performance. Some offer luxury. Now, for '63: a compact built to do everything well. The New Valiant excels in economy and performance. It looks great. It costs little. And The New Valiant carries America's first 5-year warranty. All internal parts of the

engine, transmission and drive train are guaranteed for 5 years or 50,000 miles.*

The '63 Valiant's confidence comes from its 33 important value features, including these: **No. 2** One of our swinging new convertibles, all set to debut November 15. **No. 12** Bucket seats on Signet models. **No. 21** Push-buttons

for 3-speed TorqueFlite drive (it's optional). **No. 4** Battery-saving alternator. **No. 6** Valiant's trusty 6-shooter. An engine that's long on gallop, easy on gallons.

See The New Valiant for 1963, quality-built by Chrysler Corporation, now at your nearby Plymouth-Valiant Dealer's.

*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter; drive shaft; universal joints (excluding dust cover); rear axle and differential; and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedule. Factory-approved remanufactured parts may be used for replacement.

Foursquare Church Begins Six-Weeks Course of Study

Teachers and officers of the Foursquare Gospel Church are beginning the Advanced Course of study under the E.T.T.A. program Tuesday, October 9, announces the pastor, Rev. Spencer L. Liles, who will teach the course. All teachers and officers are required to take this course and pass written examinations on each of six units.

Many thousands of people have been taught the principles of dynamic Christian leadership through the E.T.T.A. program. Founded in 1930 by Dr. Clarence Benson, this training plan is interdenominationally recognized and denominationally adaptable. More than 150 colleges, Bible colleges, and seminaries approve and recommend this program. It offers time-tested, true-to-the-Bible training for earnest evangelical Christians and churches.

The Advanced Course is based on the philosophy that "teacher training" from an evangelical viewpoint should maintain a clear-cut balance between the message of the Word of God, and the most effective methods of teaching. The curriculum includes two units of Bible Introduction, and three technical subjects: Sunday school Evangelism, Vacation Bible School, and Missions. The course requires 54 class hours to complete.

The local group will be studying the Bible Introduction

unit first. Such subjects as: How we got our English versions of the Bible. Earlier Versions, Interrelationship of the Versions, Old Manuscripts, The Dead Sea Scrolls, Works and Testimony of The Early Church Fathers, Biblical languages, and Textual Criticism, will be studies.

Dr. R. Laird Harris, the author of YOUR BIBLE (Bible introduction), is a highly respected, earnest Christian scholar and teacher. His book, 'Inspiration and Canonization of The Bible,' is a standard, graduate level textbook in the field of Bible introduction. He is well qualified, both by education and experience, to present this subject for training local church workers, leaders, and Sunday school teachers.

Classes at the local church will be conducted from 7:00 to 10:00 p.m., three days a week for six weeks.

Sharon Elaine Hale, daughter of Rev. and Mrs. Bill Hale of Rotan, was born Sept. 20 at Hamlin Memorial Hospital. She weighed 5 lbs. 13 oz. The grandparents are the Charles C. Barnes of Colorado City and the E. B. Hales of Loraine.

Calvin Ray Thompson was born Sept. 22 at Hamlin Memorial Hospital weighing 6 lbs. 4 oz. to Johnnie Mae Thompson, box 889, Hamlin. The grandmother is Adall Thompson of the same address.

A Marauder 390 V-8 now standard for Monterey

Console-mounted gear shift standard on bucket seat Monterey S-55

New Breezeway roof for the elegant Monterey

Self-adjusting brakes for all Mercurys

Two-Year Warranty
Or 24,000 miles, whichever comes first
Now all Mercurys have 2 year 24,000-mile warranty pioneered by Lincoln Continental on 1961 model *

New bucket seat models for each Mercury line

BURSTING WITH NEWS... '63 MERCURYS

NEWS-MAKING ROOF FROM MONTEREY. The advantages of Monterey's distinctive styling go far beyond its beauty. This is elegance that works. See how the recessed rear window slants inward? It stays clearer in rain or snow. On hot days, it opens for breezeway ventilation. The overhanging roof shades rear-seat passengers from the sun, gives more headroom, keeps glare off the rear window for better rearview visibility. More good news: a Mercury Marauder 390 V-8 is Monterey's standard engine.

SPARKLING NEW MODELS FROM METEOR. For 1963, Meteor is the hot brand. Meteor is the sparkler with a whole new line of models in the low-price field — sleek new low-to-the-road hardtops, sedans, and three new station wagons. Feel sporty?

Try the racy Meteor S-33 hardtop, with individually adjustable bucket seats and a handy console. For brilliant performance to match Meteor's sparkle, a new Lightning 260 V-8 is available in every model. And you save on upkeep with Mercury service-savers.

THE LID'S OFF COMET. Now a jaunty new convertible joins Comet's all-fun line. This sleek, rakish beauty comes in two models: the Custom and the dashing S-22, with bucket seats and optional stick shift. All Comets now have a complete package of service-savers like self-adjusting brakes. And Comet still heads its class with the largest trunk, longest wheelbase, and best resale value record. See Comet's whole happy '63 line-up: convertibles, sedans, station wagons. Fun-test your favorite Comet now!

HEIDENHEIMER'S

PROS AND CONS OF CONSTITUTIONAL ADMENDMENTS (CONT.)

Second in a series of an analysis of the 14 constitutional amendments to be voted on November 6. This analysis is prepared by the Texas Industrial Council.

PROPOSITION 3

ATION OF HOSPITAL DISTRICTS IN CERTAIN COUNTIES

Proposition 3 (Senate Joint Resolution No. 22) would allow the Legislature to authorize by law the creation of hospital districts in Ochiltree, Castro, Ford and Hopkins Counties, each district to become co-extensive with the limits of the county. This amendment does not require a vote of the property owners in order to establish the districts. The Legislature, as it has often done in similar situations, would authorize the creation of these districts dependent on adoption of this amendment, and the laws require a vote. The amendment provides that no taxes may be levied until approved by a majority vote of the participating qualified property-taxing voters. The tax shall be sufficient to discharge obligations and responsibilities of districts and to operate and maintain the hospital systems, cannot exceed 75c on the valuation.

PROPOSITION 4

TER DEVELOPMENT BOARD—STORAGE FACILITIES IN RESERVOIRS

Five years ago, in 1957, our State Constitution was amended to create the Texas Water Development Board, and to authorize issuance of general obligation bonds to create a fund from which aid could be made to political subdivisions for the conservation and development of water resources. Aid was also applicable to municipal corporations and interstate compact commissions which the State of Texas is a party. The amendment was designed to assist local communities in the development and ownership of their own water facilities for drinking, fighting, irrigation and industrial uses.

Proposition 4 (House Joint Resolution No. 46) would add additional Section 49-d to

Article III of our Constitution, extending State policies on water development to the construction or enlargement of reservoirs by the State of Texas itself, and allowing the State to negotiate for water shortage in reservoirs developed by the federal government. Specific provision is made that the Texas Water Development Board may, with the approval of the Board of Water Engineers, execute long term contracts with the United States or any of its agencies for acquisition and development of storage facilities in reservoirs constructed or to be constructed by the federal government. Such contracts when executed would constitute general obligations of the State of Texas in the same way and with the same effect as the State water bonds authorized by the amendment in 1957.

If storage facilities are required for a term of years, such contracts must contain provisions for renewal that would protect the State's investment. This provision is of particular importance since the federal government would have title to the property involved and its contracts are for a long term of years, subject to renewal on terms satisfactory to both parties.

Money received from any sale, transfer or lease of storage facilities, obtained from the federal government or developed by the State itself, would be used to pay principal and interest on bonds issued or contractual obligations incurred by the Texas Water Development Board. When monies were sufficient to pay the full amount of indebtedness outstanding and the full amount of interest to accrue thereon, any further sums could be used for acquiring additional storage facilities, or for providing financial assistance as originally provided in the 1957 amendment. Monies received from the sale of water, which includes stand-by reserves, could be used for operation and maintenance of acquired facilities and for the payment of principal and interest.

The Legislature shall provide terms and conditions for the Texas Water Development

Board to sell, transfer or lease any acquired storage facilities or the right to use such storage facilities, at a cost not less than the direct cost of the Board in acquiring the storage facility. The Legislature can provide the terms and conditions for the Board to sell any unappropriated public water of the State that might be stored in such facilities. As a prerequisite of purchase of storage or water, the applicant must have secured a valid permit from the Board of Water Engineers or its successor, authorizing the acquisition. These constitutional requirements and any further requirements adopted by the Legislature will of course be subject to negotiation with the federal government if storage facilities are contracted for in federally built reservoirs.

The aggregate of the bonds authorized by the 1957 amendment plus the principal of obligations incurred under any contract authorized by this new proposed amendment could not exceed the \$200,000,000 in bonds previously authorized. However, only \$100,000,000 was authorized at that time unless the Legislature, upon two-thirds vote of the elected members of each House, approved issuance of bonds in an amount not exceeding the additional \$100,000,000. This has not been done.

Many of those who supported this amendment in the Legislature had in mind retaining the limit established by Section 49-C but a critical study of the wording of the amendment as finally passed compels the conclusion that the maximum of bonds and obligations under contracts authorized by House Joint Resolution No. 46 is \$200,000,000. The Legislature could maintain a lesser limit if it desired since execution of contracts and use of bond money by the Texas Water Development Board are subject to such provisions as the Legislature may prescribe by general law.

Section 49-c, which this amendment would supplement, prevents any grants of financial assistance after December 31, 1962. This apparently would limit the making of contracts under the proposed amendment to the same date.

As of June 30, 1962 bonds issued amounted to \$25,000,000. Total loans to water districts

were \$9,330,000, loan commitments amounted to \$3,700,000 and applications were pending in the amount of \$10,900,000.

The proposed amendment sets out the policy of the State as being "to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public."

The amendment follows recommendations of the State Board, who pointed out in a the Texas Water Development Board, who pointed out in a resolution adopted in December, 1960, that optimum practical potential cannot be met at all times since such development of a damsite often exceeds the reasonably foreseeable water requirements or financing capacity of the immediate area. Hence they recommended that the State of Texas acquire and finance the additional storage when a project is being constructed by a local agency. Where a federal project is involved, they recommended that the State contract with the United States government for acquisition of additional storage to the extent that local agencies are incapable of doing so, and that the conservation storage be held for the State of Texas until such time as there is a use for the water or for any portion of it.

The proposed constitutional amendment is a distinct change from the present commitment of the State to assist the local subdivisions in acquiring and developing their own water facilities. The shift to State leadership might result in some differences with local authorities, but the idea of the State's taking responsibility for future storage could prove very attractive. There may be differences with the federal government as to authority and as to basic water rights, though one of the arguments advanced for its adoption is that the federal government is already developing so many of the available damsites in the State.

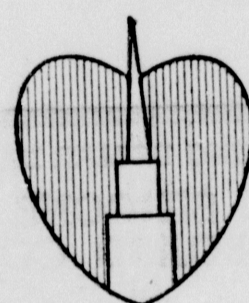

Texas knows by experience the importance of water for present use and future growth. (Continued on page 3)

☆ Be ever mindful and thankful to GOD for ...

HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid. "As we have therefore opportunity, let us do good unto all men."

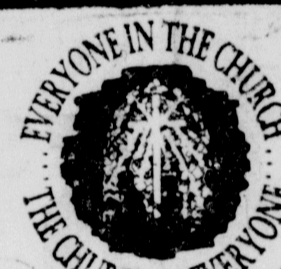

GALATIANS 6:10

THE CHURCH ENCOURAGES LOVE AND COMPASSION FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DODGE PRESENTS THE DEPENDABLES FOR 1963!

Dodge Polara 2-door hardtop.

1963 DODGE... BEAUTIFUL NEW ENTRY IN THE LOW-PRICE FIELD

Compact Dodge Dart 2-door hardtop.

1963 DODGE DART... A FRESH NEW COMPACT IN THE LARGE ECONOMY SIZE

INTRODUCING THE 1963 DODGE

Now a complete new line of cars in the low-price field. The 1963 Dodge! People who see it just naturally get carried away. Reasons? 1. The looks: Great! 2. The price: Low! Wouldn't you rather own a Dodge than other low-priced cars? 3. The room: Big! Notice how the roofline sweeps straight back. That means ample headroom for the people in back, not just the ones in front. Seats? Your choice of models with sofa style, buckets or fold-down center arm rest. 4. The upkeep: Low! Dodge is rust-protected. The body unitized. The brakes self-adjusting. A major grease job lasts 32,000 miles, an oil change 10,000. 5. The feel behind the wheel: Like nothing else! Five engines to choose from. Smooth-going torsion-bar ride. Low-friction steering. Chair-high seats. Nylon, leather-grained vinyls. There are several hundred more reasons why you'll be carried away. Your Dodge Dealer has 'em all. See him and drive the beautiful new 1963 Dodge.

INTRODUCING COMPACT '63 DART

At last. A compact that doesn't give anyone the sardine treatment. The 1963 Dodge Dart! Now everybody gets a fair shake on room. Note the roofline. It goes straight back. Result: Even rear-seat hat wearers are treated with deference. And so are those who like some action for a change. Dart's standard Six leaves run-of-the-mill compacts waiting and wheezing. Its optional engine (just a few bucks more) is the same way, only more so. Economical? Like you'd expect a compact to be! That's the whole idea. Dart's too roomy to be a compact, too darned thrifty to be anything else.

Few compacts cost less than Dart. None offers the value. A unitized body, for example, that's rust-protected. 32,000 miles between major grease jobs. Smooth torsion-bar ride. An alternator. A high-speed starter for fast, sure starts. Two series. Nine models, including two pizzazz converts. See your Dodge Dealer.

NEW 5-YEAR/50,000-MILE WARRANTY! Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 3 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts, transmission case and internal parts, torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings—provided the vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules. Factory approved remanufactured parts may be used for replacement.

PROS AND CONS OF CONSTITUTIONAL ADMMENDMENTS (CONT.)

ued from page two)

reasonable agreements with the federal government.

PROPOSITION 5
CREATION OF HOSPITAL DISTRICTS — POWERS

Proposition 5 (House Joint Resolution No. 51) would give the Legislature authority to provide by law for the creation, establishment, maintenance and operation of hospital districts. The districts could be composed of one or more counties or all or any part of one or more counties.

The hospital districts created

by the Legislature would have power to issue bonds for purchase or construction of buildings for hospital purposes, and for improvements to buildings and equipping them. They would be required to assume full responsibility for providing medical and hospital care for the needy inhabitants of the districts. They would be required to assume any outstanding indebtedness incurred by cities, towns and counties for hospitals prior to the creation of hospital districts, prorated according to their last approved tax assessment rolls if all their territory does not lie in the district.

It would be impossible for the Legislature to create one of these districts without giving thirty days public notice to the district affected. The law must provide for an election called for the purpose, at which a majority of the qualified property tax paying electors voting at the election would be required. The tax rate would have to be authorized at the same or a similar election. It could not exceed 75c on the \$100 valuation of all taxable properties within the district.

In 1954, 1958 and 1960 constitutional amendments were adopted allowing creation of hospital districts in certain counties. Experts in constitutional law believe that constitutions are best written when they give general authority such as would be provided by House Joint Resolution No. 51 rather than the specific authority provided by hospital amendments adopted in previous years. The feeling is that so many individual amendments clutter up the Constitution and that if the principle is correct, selection of districts to be created should be left to the Legislature.

The hospital district has been challenged as a device for securing more money, which it is. Counties, faced with the

need for more money for operation of their hospitals, do not want to increase property valuations because it will require citizens to pay additional state taxes. Development of the hospital districts has undoubtedly been due in great measure to the fact that the additional tax money could be raised by this means without increasing the amount of state taxes paid by local citizens. The proposed amendment provides that after the creation of a hospital district no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district. Neither shall the Legislature make any direct appropriation for construction, maintenance or improvement of any facilities of such a district.

Arguments against this amendment are similar to those which have been made when previous amendments were voted on. They are in fact not so much arguments against hospital districts as such, but objections to the piling of district on district which it is feared will eventually lead to the functional disintegration of local government. It is said that special districts decentralize local administration too much, to the extent of robbing any one unit of government of the ability to deal satisfactor-

ily with community problems. This, in turn, creates problems of coordination between the various units of government; competition sometimes develops between units with overlapping functions.

It is also argued that once a particular function of government achieves separate status as a district, its supporters tend to lose their sense of proportion and in their zeal to exalt a particular service the community view is lost.

Proponents of separate hospital districts point out that counties and cities have often had working agreements for joint payment of hospital costs, resulting in double taxation of those living in cities. It is said that establishment of hospital districts has eliminated a source of friction between county and municipal governments which existed while hospitals were jointly financed, and it allows a settled course of action to be adopted and consistently followed. In addition, it is contended that hospital districts, like school districts, differ from the general rule, that their separate organization removes them from entanglement in political broils, and that they can attract some of the top people in the district who will be willing to give part time to the sound management of a project in which they have a special interest.

The provisions of this amendment, if added to our Constitution, would be designated as Section 9 of Article IX.

AS IT LOOKS FROM HERE . . .

By OMAR BURLESON

WASHINGTON, D. C.—In a few days the House of Representatives will vote on whether or not the United States shall purchase bonds of the United Nations to the extent of \$100 million. Other nations of the world are to purchase the other \$100 million of the total issue of \$200 million.

This measure will undoubtedly encounter strong opposition, but the best estimate at the time is that it will be passed, similar to that already passed by the United States Senate.

Should as many as 50 to 60 Republicans vote for the measure, and this is the estimate by Republicans themselves, it is almost sure to be approved.

To oppose the purchase of United Nations Bonds by the United States is not necessarily opposition to the United Nations itself. It is generally recognized that there is a need for an international forum in which the representatives of sovereign nations may sit down together to discuss international issues. Be this as it may, the United States should not continue to pay its disproportionate share of United Nations expenses. As long as we are willing to carry the burden, other nations will let us do it. We presently pay 32.02 percent of the regular assessments of the United Nations for its normal operations, and more than 47 percent of the "peace keeping" operations in the Middle East and in the Congo.

In addition to paying more than our share, our policy seems to be one of placating, of timidity, and of compromise. It should not be our aim to buy influence in the United Nations, any more than it should not be our policy to attempt to buy friendships around the world by foreign aid. Responsibility can not be measured in dollars and cents, but no responsibility and few dollars and cents from some nations is hardly conducive to the success of the Organization.

In the United Nations and outside our diplomats continue to discuss disarmament and the Berlin issue. The Soviets have now rejected certain concessions on disarmament made by our Government, which should be a warning that only her proposals will be acceptable. Our State Department has

publicly stated that the issues in Berlin are not negotiable. Yet we continue to negotiate. An experienced diplomat has predicted that between now and the end of the year, a peace treaty will be concluded by the Russians with East Germany. He predicts that following this agreement the Russians will draw their troops from East Germany, but just a few miles across the border. East German soldiers will then replace Russian soldiers, and after a time they will begin to harass the Western powers in Berlin and on the access roads to that City from West Germany.

We will protest to the Russians and they will say we must deal with East Germany. Will we use force? No, this diplomat says, we will not for fear of triggering World War III.

After the argument goes on and the situation reaches a threat to world peace, the matter will be referred to the United Nations, where the majority of the Members may vote against the position of the United States. Their vote will not be based on any love for but simply because of our timid attitude, they will have less to the Russians or East Germany, less than if they opposed the Soviets.

This is what disturbs the West Germans and similar issues disturb our allies.

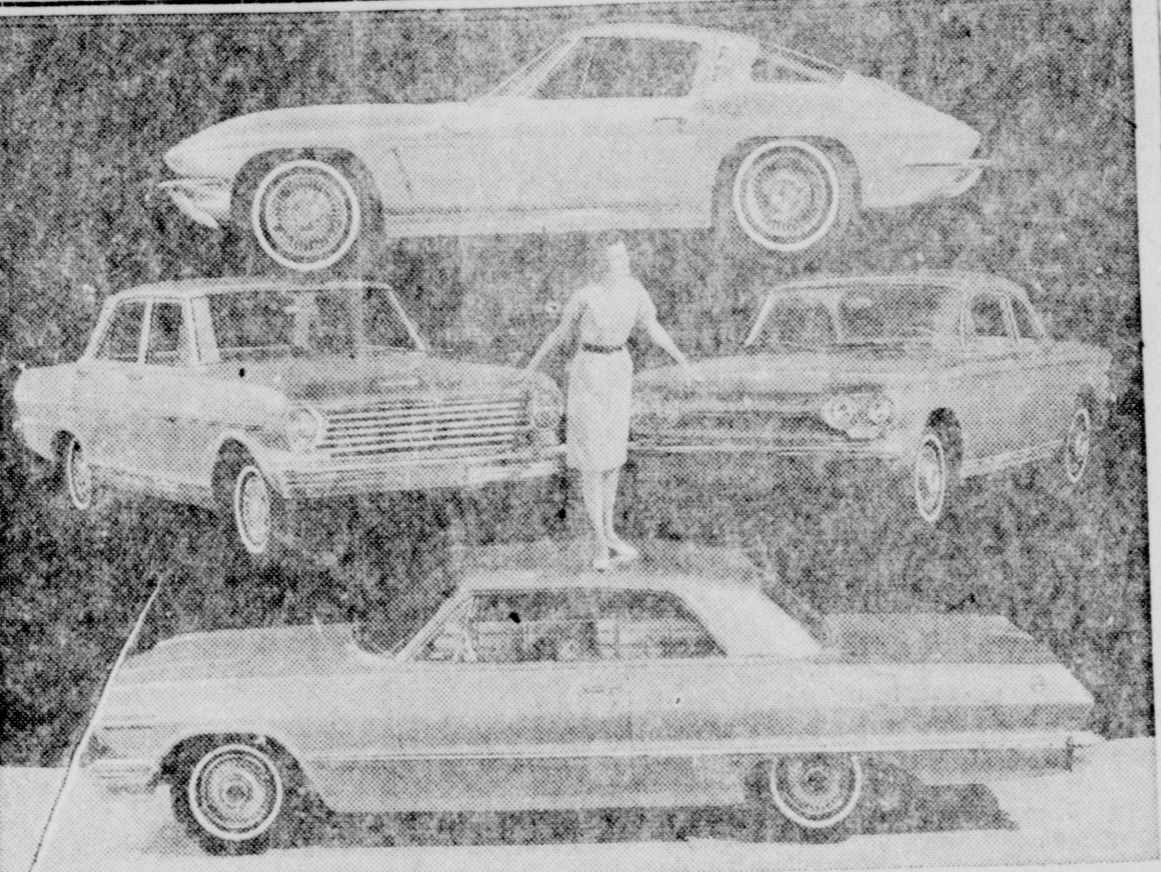

Constantine Brown, writing from Rome, suggests that the President, our Secretary of State and their advisers should read *Trader Horn*, the story of an old trader in the African Ivory Coast. Besides giving a vivid picture of African life, *Trader Horn* also gives good advice applicable to the present day situation.

"Aye, Rivers," muses *Trader Horn*. "You have got to learn from the noble savage the law of the rivers. Make friends on one bank of the river and do it well and good. Then there is safe navigation."

Neither in politics nor in real life can a man make friends on both sides of the bank of the river.

It is well and good to make friends where and with whom we can, but we can not accommodate the enemy any more than we can stay in the same bed with the Cobra, unmindful of its deadly sting.
